NUMBER 29

RECOMMEND SALARY CUTS

CLERK RECEIVES TEN PETITIONS FOR TOWNSHIP OFFICES

John Horan Files for Town Collector as Entries Close

Campaigns for town offices are expected to get under way in earnest this week with the completion of the states of candidates who have filed petitions with town clerks. Tuesday at midnight was the final date for filings.

In Antioch township, Town Clerk C. F. Richards reports that four petitions were filed for supervisor, William Roeling, incumbent, B. F. Naber, former supervisor, Richard Macek, and Elmer Hoffer.

Three candidates filed for highway commissioner—Carl Barthel, incumbent, Frank Dunn, former commissioner, and Delain Rigby.

J. B. Dickson and Raymond Sorenson are the aspirants for justice of the peace.

Horan Files for Tax Collector. The last petition received by the clerk was that of John Horan, who filed for the office of tax collector.

There have been few filings for this office in recent years, due perhaps to a misconception of the law which abolished the office of town collector several years ago. The statute, however, applied only to counties of less than 100,000 population, and it is perfectly proper for townships in Lake county to elect collectors.

The office, however, has come to be more or less of an empty title, as the tax books are seldom placed in their hands in time for them to do any collecting of taxes, according to information received from County Treasurer Nelson.

TOURNEY FINALS AT GRAYSLAKE TONIGHT

Gurnee and Grayslake Are Matched for Grade School Cage Title

The scene of the grade school conference basketball tournament will move to Grayslake tonight where a new champion team will be crowned at the close of the final game between Gurnee and Grayslake. These teams earned their right to play for the championship last night at the Gurnee gym when Grayslake defeated Gavin, and Gurnee beat Round Lake in the semi-finals.

Playing also at Grayslake tonight will be: Game 1 at 5:30 o'clock—Gurnee seconds vs. Gavin seconds; for second team conference championship, Game 2—consolation game, Round Lake vs. Gavin for 3rd and 4th places.

The elimination games began Monday at Fox Lake when Gavin first and second teams defeated the Mundelein first and second teams. Fox Lake seconds first beat Fox Lake and Fox Lake seconds defeated Grayslake seconds. Tuesday games at Antioch Gurnee, both first and second teams resulted in the defeat of Antioch by and the winning of the Round Lake teams over Lake Villa.

Surviving the semi-finals last night at Gurnee were: Gurnee seconds, winning over Round Lake seconds; and Gurnee firsts defeating Round Lake firsts. In the third game Gavin seconds won over Fox Lake seconds, and in the fourth game Grayslake firsts defeated Gavin firsts.

Scouts Pick Chicago For National Meeting

The twenty-fifth annual meeting of the National Council of the Boy Scouts of America will be held in Chicago, May 15th and 16th next, bringing together delegates from all parts of the United States and a great group of volunteer workers in the Movement, some five hundred in number.

Since it is the Silver Jubilee of the organization the meeting will take on an unusual character and a special program is being provided. The invitation to Chicago was presented by Phillip L. Reed, vice-president and treasurer of Armour and Co., and a member of the National Executive Board of the Boy Scouts of America.

Hoard's Dairyman Editor to Speak at Farm School

J. C. Nisbet, Associate Editor of Hoard's Dairyman, Fort Atkinson, Wisconsin, will speak on the subject "Breeding for Herd Improvement," at the Antioch Township High School Dairy Evening Course next Wednesday at 7:45 P. M.

Mr. Nisbet is much in demand throughout the Middle West and was secured only upon the insistence of his former college classmate, C. L. Kahl of the local Dept. of Vocational Agriculture. Arrangement for the meeting was made several months in advance.

All dairy farmers and students of farming will not be disappointed in traveling twenty miles or more to hear Mr. Nisbet discuss the topics he knows so well.

There will be no charge, and everybody is invited to attend.

VOTE TO RETAIN THREE-CLASS PAYMENT PLAN TO DAIRYMEN

Milkmen See New Difficulty in Mayor Kelly's Ordinance

The advisory committee of 350 members of the Pure Milk Association yesterday voted to retain the association's three-class plan of paying milk producers for their product. The percentage of base requirements was lowered from 80 per cent to 55 per cent, an official of the Association said today. This change will enable farmers to retain their base without the necessity of attempting to keep production at the 80 per cent limit when feed is both expensive and scarce.

The committee also went into a detailed examination and discussion of Mayor Kelly's new milk ordinance passed January 21 and which will have a far reaching effect on producers in the Chicago milk shed. The ordinance, if enforced to the letter, will heap upon the farmer an estimated additional production cost of 50 cents per 100 pounds. A survey of the farms in the district is now being made with the idea of weeding out individually all farms not meeting with the provisions of the ordinance.

Whether the ordinance, which presumably was enacted for the purpose of further safeguarding public health in the city, has any virtue beyond that of supplying an army of farm inspectors with jobs, has not been explained.

Dr. Herman N. Bundeson, health officer of the city of Chicago, is in sympathy with the producers in fringing out this latest difficulty, the News' informant stated this morning, notwithstanding reports that the health chief was co-operating with the mayor and others in their effort to place this hardship upon the dairymen.

200 Attend Milkman's Dance And Oyster Supper Thursday

About 250 attended the fourth annual dance and oyster supper given by the Antioch local of the Pure Milk Association at the Danish Hall Thursday night.

The members and neighbors assembled at the Danish Hall, Harold Ellis, president of the association, presented their appreciation to Ellsworth Fox and Christ Paulsen for putting over the excellent program. The dairymen were particularly pleased with the menu, but then there was nothing wrong with appetites either, one dairyman remarked. "These good time meetings lead one to forget a few of the hardships of life and to look forward to the bright spot that is just around the corner," Secretary Harrie Tillotson remarked at the close of the dance.

Mr. and Mrs. Gilbert Pierce left Friday night for their home in Montpelier, Vermont, after spending two weeks with Mrs. Pierce's parents, Mr. and Mrs. Frank R. King.

Mr. and Mrs. Oliver Matthews spent Sunday in Wilmet.

PETITION OUT FOR VILLAGE TICKET

All Village Officials Except Magistrate to Be Elected

A petition bearing names for one full village ticket except police magistrate is being circulated in Antioch this week, and other candidates are expected to come to the front before many days, according to rumors current in local political circles.

The ticket already in the field is being referred to as the Mayor's ticket because it is headed by Mayor George B. Bartlett who is a candidate for re-election.

Named as candidates for trustees on the petition are E. O. Hawkins, James Stearns, J. B. Drom, Laurel Powles, Robert Wilton, and Nele Nelson, while R. L. Murrie appears as a candidate for re-election as village clerk and Clarence Shultz for village treasurer. Stearns, Hawkins, and Drom are incumbent trustees.

None of the three remaining members of the board of six trustees are candidates for re-election. Nason E. Shiley, trustee for many years, declines to be a candidate for another term on account of his health. He has been an energetic member of the board and it was largely through his efforts that the new water tower and other improvements became realities during the last two years. His knowledge of handling affairs of this kind gained for Antioch a recognition from officials of governmental agencies that got things accomplished here far ahead of similar projects in larger towns.

Herb J. Vos, another active member of the board, also declines to become a candidate for another term as trustee.

Charles Lux, Antioch electrician and long a member of the local board is said to have matched a coin to determine whether he or Robert Wilton should mix his name to the mayor's slate of candidates. Wilton called the suit correctly and is now a full fledged candidate for office for the first time.

Under the present law all village officers are now for four year terms and a full set of officials except police magistrate is to be elected this year. Police Magistrate J. C. James has two more years of his present term to serve.

The final day for filing petitions for village office will be March 12. Village Clerk R. L. Murrie announced today.

LEGION AUXILIARY OFFERS AWARDS IN ORATORICAL CONTEST

Pupils of Both Grade and High Schools May Enter This Contest

The Antioch American Legion Auxiliary is sponsoring oratorical contests in both the grade school and the high school on the subject "My Responsibilities as an American Citizen" to be held the third week in March. Prizes of two dollars for first place and one dollar for second will be awarded in each school, according to announcement made this week by Mrs. Mary Mapletorpe, Americanism chairman of the Auxiliary.

"It is hoped that the public will take an interest in these contests," Mrs. Mapletorpe said, "and will not only encourage the pupils to participate in them, but will also attend them to hear what the youth of today thinks about an American citizen's responsibilities."

Antioch Boy Is

Airplane Pilot

Charles Ferris, son of Mr. and Mrs. Paul Ferris, returned Tuesday from Lincoln, Nebraska, where he has just completed his course in the Lincoln aviation school and received his amateur pilot's license. His parents went to Chicago Tuesday to meet him.

Lamb Triplets Are

Born on Yopp Farm

A ewe belonging to Lawrence Yopp gave birth to triplets one day last week.

NED BATES FOUND DEAD IN HOME

Heart Attack Is Fatal to Former Hotel Owner

Ned Bates, 62, former proprietor of the Queen of the West hotel at Petite Lake, was found dead beside his bed shortly after noon Saturday at his home south of Antioch, where he had lived alone for several years. Recently he had filed a petition as candidate for highway commissioner of Antioch township.

Evidence brought out at the inquest Saturday afternoon revealed that he was a victim of angina pectoris, according to Dr. J. L. Taylor, county coroner. Bates had been at a neighbor's house until a late hour Friday night where he had played cards until one o'clock Saturday morning. During the evening he had made arrangements to do some work for the neighbor family Saturday. When he failed to come to the neighbor's house an investigation led to the discovery of his death. His body was found slumped on the floor beside his bed.

The body was brought to the Strang Funeral Home in Antioch where the inquest was held Saturday afternoon, and from where the funeral service was held Tuesday afternoon at two o'clock conducted by Rev. L. V. Stiller, pastor of the Antioch Methodist church. Interment was in Hillside cemetery.

He is survived by a sister, Mrs. A. L. Harrington, 630 Waveland avenue, Chicago.

ADOLPH PESAT, SR., DIES IN FLORIDA

Pneumonia Is Fatal to Well Known Grass Lake Resident

Adolf Pesat, Sr., died Thursday morning at his winter home in Roseland, Florida, following an illness of services were held Saturday and in five days of pneumonia. Funeral services were held at his home in Roseland cemetery.

The funeral services were attended by his son, Adolf, Jr., who received word Wednesday of the serious illness of his father and left immediately to be at his bedside.

The deceased was for many years a resident of Grass Lake and was well known throughout the county and the lake region. For many years he had spent his winters at his home in Roseland.

Teachers Entertain at P. T. A. Party

Antioch grade school teachers were co-hostesses at the Parent-Teachers card party at the school Monday. Ten tables were in play despite the frigid weather. Winners at bridge were: Mrs. J. E. Brook, Mrs. W. W. Warriner, Miss Anna Drom, Mrs. Ben Burke, F. O. Hawkins, Dr. R. D. Williams, and R. E. Clabaugh. Five hundred prize winners were Mrs. Bert Anderson and Chris Laursen.

Responsibility Should Come Early in Life, Lawyer Tells Fathers, Sons at Banquet

Responsibility, and its attendant lessons of dependability, should come early in life, Attorney Clarence Dyer, president of the Waukegan Township High School, Board of Education, told fathers and sons of Antioch Thursday night on the occasion of the annual Father and Son Banquet held at the Methodist church.

Referring to incidents in the life of George Washington as splendid examples of courage and determination, the Waukegan attorney gave his hearers an unusual history lesson along with the salient features of his

Mr. and Mrs. Felter Married 52 Years Ago

Mr. and Mrs. Adison J. Felter celebrated their fifty-second wedding anniversary at their home at 492 Lake street, Antioch, last Friday, when they had as dinner guests Mr. and Mrs. Nathan Engle, Chicago, their daughter, Mrs. Ray Eddy and husband, Mr. and Mrs. Virgil Felter and granddaughter, Joan Felter.

The couple had many callers during the day, and they received many gifts of flowers and congratulatory messages. Two years ago the couple celebrated their golden wedding.

W. J. VAN DUZER, RETIRED FARMER, IS DEAD AT 78

Last Member of Pioneer Family of Eight Children

W. J. Van Duzer, lifelong resident of this community, died Wednesday night at his home at 664 Main street, at the age of 78 years. He has been in failing health for many months.

He was the last member of a pioneer family of eight children, the son of Walter Halsey VanDuzer and Mary Ann VanDuzer, and he was born in Salem township May 11, 1857. He was married to Ellen Catherine Jones September 30, 1877. In 1883 he bought the farm homestead north of Antioch where the couple made their home until 1919 when he retired and moved to this village.

He is survived by his wife and eleven children—Mrs. Ada Quest, Madison, Wis.; Mrs. Erma Perkins, Onadaga, Wis.; Mrs. Alice Schmutz, Los Angeles, Calif.; Benjamin VanDuzer, Antioch, Ill.; Lyle VanDuzer, Kenosha, Wis.; Mrs. Ruth Sheen, Waukegan, Ill.; Mrs. Dora Lyon, Delray, Ill.; Mrs. Laura Kleckner, Lake Geneva, Wis.; Mrs. Grace Pofahl, Salem, Wis.; Frank VanDuzer, Waukegan, Ill.; Mrs. Pauline Bratzke, Mendota, Ill.; also 12 grandchildren. One daughter, Bertha Isabell, preceded him in death.

Funeral services were conducted Saturday at two o'clock from the First Methodist Church with Rev. S. E. Pollock and Rev. L. V. Stiller officiating. Interment was in Hillside cemetery.

Oakland School P. T. A. Sponsors Dance

The second annual dance by the Oakland school Parent-Teachers' Association will be given at the school tomorrow night starting at eight o'clock. The first event of the kind held last year proved very successful. This year the advance sale of tickets indicates a good attendance, according to Alex Hughes, general chairman, who is being assisted by Charles Jorgensen and others on the committee. Tickets are selling for 35 cents.

Antioch Eastern Star Entertains Tonight

The Antioch Eastern Star lodge will be host to members of neighboring chapters tonight at "Friends' night." Mrs. William Toppen, worthy matron of the Richmond chapter, will be guest of honor.

SUPERVISORS HEAR REPORT OF COMMITTEE

Ask Elimination of Two Deputy Sheriffs and a Janitor

Demands for a reduction of salaries of all deputies, clerks and other attaches of county offices and the elimination of several county employees were included among the recommendations made to the board of Supervisors in special meeting by the special committee, yesterday.

The committee after many days of deliberation on the various matters attendant to the grave financial problem of the county returned a voluminous report covering almost 20 pages of foolscap size.

Might Cut Wages 2 Per Cent. While the amount of the reduction of salaries to be recommended was not definitely determined it was indicated that it might be in the neighborhood of 2 per cent for each employee. In addition to the salary cuts the committee recommended that at least two highway patrolmen be eliminated and that at least one man be dropped from the janitors' force in the courthouse.

The committee believes that by following its recommendations of reducing salaries in the courthouse the county would save about \$51,000 annually. All departments of the county would be affected by the reductions.

The delinquency of townships to the county in payments of their obligations for the maintenance of the county hospital and county poor farm was discussed a length. Several of the townships including Waukegan are planning to retire their debts in installment payments.

Urges Legislation. Request that the board take action to force payment of delinquent taxes and to urge passage of a bill pending in the state legislature which eliminates the penalty of 12 per cent of back taxes are paid this year was urged. The board members were also urged to press their request for legislation to revise the state highway laws in order that gas tax funds can be diverted into the general fund of the county.

The county now has current debts of nearly \$400,000 of which nearly \$200,000 represents debts owed to merchants and supply houses in the county for materials and supplies.

Failure to iron out the financial tangle may result in curtailment of operations of the county offices, the county hospital and county poor farm and may result in payless paydays for officials and employees.

Operation Is Fatal To Pikeville Girl

Miss Mary Ellen Fitzgerald, 18 year old daughter of Mr. and Mrs. Thomas Fitzgerald of near Pikeville, died February 14 at St. Catherine's hospital in Kenosha following an operation performed two days previous for sores.

The funeral, in charge of Ed. T. Lerner of the Antioch Funeral Home, was conducted from St. Peter's church, Antioch, at ten a. m. Saturday and interment was in St. James cemetery, Kenosha.

Besides her parents she leaves two brothers and a sister.

Many Attend T. B. Chest Clinic Wednesday

One of the largest chest clinics ever held in Lake County was conducted at the St. Theresa Hospital Wednesday by the Lake County Tuberculosis Association. Sixteen people were given initial examinations and thirty-four others came back for re-check and follow-up examinations. Tuberculin tests were given children making their first visit to the clinic. Not all of the persons coming to the clinic could be examined so we asked to return to the March clinic. Some of those examined were referred back to their family physicians because there was no evidence of tuberculosis found.

These clinics are held the third Wednesday in each month and are financed by the sale of Christmas seals in Lake County.

BANISH THE RECKLESS DRIVER

Drivers with chronic cases of traffic negligence, who have long and continuous strings of accidents against their driving records, will be ruled off the highways, if bills such as recently introduced in the Oregon legislature by State Senator Bynon are passed.

The bill was originated by the American Automobile Association, and carries the endorsement of the National Council for Street and Highway Safety. It has been in effect in a number of states for several years. Under it, a driver responsible for a certain number of accidents is deprived of his license. The bill is reciprocal in that persons ruled off the roads of one state cannot obtain a license to drive in another state which has the same law. States which have tried the law pronounce it extremely beneficial.

Authoritative surveys demonstrate that the habitual careless driver, like the habitual criminal, never reforms. If he is reckless, incompetent or congenitally unable to drive properly, the chances are that he will never change. No matter how many accidents he may have, and how many times he may be arrested, he will continue to cause more accidents and violate more traffic laws. Thousands of cases are on record where one driver has been responsible for a score or more of accidents within a relatively short period of time. Such drivers menace the life, health and property of all—they have no right to drive automobiles.

It is estimated that, after the 1935 legislative sessions close, 85 to 90 per cent of all motorists in the country will be affected by a safety responsibility law. It will be a potent weapon in the war against our mounting toll of automobile accidents—nine out of ten of which are easily avoidable.

TAXES VERSUS INCOME

Apologists for the growing burden of taxation often state that the rise in taxes, when measured by the rise in our income, is not so important as it now seems.

Yet a recent editorial in the Syracuse Post-Standard shows that Federal, state and local expenditures are now five times as great as they were before the war. Tax collections, consequently, have risen in the same proportion. By contrast with this, the prices received by farmers for their products are but 2 per cent above the 1910-1914 level—and the real wages received by industrial workers are but 21 per cent greater.

The cost of taxation has risen most steadily and more rapidly than other costs borne by businesses and individuals. Where, not so long ago, a national debt of one billion dollars was regarded as being dangerous, we now face a Federal debt of over \$10,000,000,000. All units of government have gone on a spending spree, and have doled out billions of dollars, much of which has been used for projects that were neither necessary nor desirable. They have issued bond after bond—apparently not realizing that the bonds, which amount to mort-

gages on all property, must eventually be paid, plus interest, by direct or indirect taxation of the people.

Taxes menace savings. They menace jobs and investments. They strike directly at the welfare of every worker, every farmer, everyone who owns a home or has a dollar in the bank. Rising taxation is a towering barrier in the path of recovery.

LINCOLN STOOD FOR CONSTITUTIONAL GOVERNMENT

A short time ago the nation observed Lincoln's Birthday. It would be a fine thing for the country if American citizens gave a little time to pondering the ideals and principles for which the martyred President stood.

Lincoln was the embodiment of true democracy. No man was ever more passionately devoted to liberty, to freedom, to destroying human bondage of whatever kind. His was a loyalty to country that went beyond party, beyond partisan politics—and that would willingly make any sacrifice in order that the nation might endure, progress and prosper. No task was too great, no duty too exacting, if it would help to preserve and maintain those enduring principles laid down by the founders of the country in the United States Constitution.

During four years of unparalleled national crisis, Lincoln was the rock that could not be swayed by mob sentiment, by fear, by the lust for power, by the desire for personal gain. No man ever possessed a greater hatred for war—yet Lincoln went into the Civil War deliberately, knowing that tragic as the waste of men and resources would be, it was essential to the preservation of the Union. Between 1860 and 1864 America stood at the crossroads—and Lincoln drove relentlessly forward on the course that meant the continuance of liberty, democracy, and Constitutional principles.

The issues that surrounded Lincoln have passed, but the characteristics of the man remain, and will not be forgotten. In times like these when so-called emergency measures threaten the very foundation of our Constitutional government, it is well to remember Lincoln and his work.

FARMERS IN A COMPETITIVE WORLD

In an editorial on modern agriculture, the Dairyman's League News says:

"Farmers, both as sellers and as buyers of commodities, are taking their chance in the rough and tumble of competitive business. They are obliged to match themselves against other business men and other industries. Practically all other business and industry is strongly organized, and farmers cannot hope to be successful in their competition unless they are organized. The stronger their organization, the greater will be the marketing and buying power of agriculture."

The Dairyman's League Cooperative Association knows what it is talking about—a pioneer in the eastern dairy field, it is a living example of the achievements of aggressive, loyal cooperation among farmers. The organized farmer has every advantage over his disorganized neighbor—as a thousand cases have proven. The farmers who are making progress now in effecting recovery, are the farmers who belong to strong, hard-working cooperatives.

The cooperative movement—which is steadily gaining in scope and strength—is the best thing that ever happened to American agriculture.

WILMOT

MRS. LOUIS HEGEMAN

Beatrice Brown Hegeman, wife of Louis Hegeman, was born in Salem Township, Kenosha County, Wisconsin, on September 25, 1863, and passed away February 19, 1935, at the age of 71 years, 4 months and 24 days. She was the youngest of a family of seven daughters born to Mr. and Mrs. Henry Brown.

Her father was a native of Paris, Illinois, Onondaga County, New York. He came with his father to this community in 1830 and was one of the earliest settlers of Kenosha county. From then until his death in 1860, practically all his life was spent on the farm taken up from the government on the present site of Trevor, although in 1849, he took part in the Gold Rush to California.

Her mother, Constantia Ford Brown, was born in North Reading, Massachusetts, and came to Kenosha county in 1841. She was married the following year to Henry Brown at Liberty Corners and in this community their seven children were born.

After her husband's death, Mrs. Brown moved with her family to Wilmet—Beatrice being at this time about six years of age. She was united in marriage to Louis Hegeman and to them were born four children—two daughters, Mrs. Hazel Winn and Mrs. Vera Burton of Richmond, Illinois; and two sons, Roland and Leland Hegeman of Wilmet, Wisconsin; four sisters having preceded her in death, Mrs. Julia Watson, Mrs. Sarah McDougall, Mrs. Georgia Owen, and one, Catherine, who died in childhood. There are also four nieces and six nephews, most of whom are living in the surrounding community.

Her long residence in the community and participation in its activities gave her a very wide acquaintance and resulted in the forming of many friendships which greatly enriched her years and which she valued very highly. But it was in her own home and with her own family that her life was best expressed. She possessed to a very high degree, that magic artistry known only to mothers, which makes the word "home" sacred to those who have known its fullest meaning.

To her family she leaves a rich heritage of tender memories accumulated through many years of devotion and loving care. Her friends and neighbors unite in extending to them their sincere sympathy. Reverend George R. Cady of the Kenosha Congregational church was in charge of the services at the house on Thursday afternoon and burial was in the Wilmet Cemetery. Card of Thanks.

We wish to express our sincere appreciation for the many acts of kindness shown to us during our recent bereavement.

Louis Hegeman and Family.

Wilmet Personal.

Mr. and Mrs. Floyd Mathews and children of Antioch spent Saturday with Mrs. Hannah Boulden.

Helen Loftus returned to Madison Sunday evening after a few days.

Washington's birthday with singing, recitations and readings on Friday. Mrs. Kermit Schreck and Mrs. Jessie Allen and daughter, Pricilla, attended the dollar sale in Kenosha Thursday.

Klaus Mark and daughter, Elva, accompanied by Mrs. Jessie Allen and daughter, Eloise, were Kenosha shoppers Saturday evening.

Mr. and Mrs. Charley Oetting and daughter, Elvira, attended a duck dinner at the Little Bohemian in Chicago Saturday evening and a dancing party at the Union Labor hall in honor of Mr. Oetting's brother William Oetting's birthday anniversary. Mr. and Mrs. L. L. Larkin also attended the dancing party at the Little Bohemian hall.

Mr. and Mrs. Charley Thornton, North Fond du Lac, Wis., visited at the Donald McKay home Sunday.

Mrs. Charley Runyard is caring for Mrs. Jacob Drom, Antioch, who is convalescing from a severe attack of pneumonia.

Obituary.

George Carroll, son of Mr. and Mrs. Joseph Carroll, died on Saturday night at Victory Memorial hospital, Waukegan, after a short illness. He was born March 4, 1887, at Cincinnati, Ohio. In 1918 he was united in marriage to Miss Susan McKay, Chicago, where they lived until six years ago, when they came to Trevor and operated the Trevor Tavern. He leaves besides his widow, six sisters and two brothers. Funeral services will be held Wednesday morning at 9 o'clock from St. Peter's Catholic church, Antioch, with Father John Finnan officiating. Burial at Eden Cemetery, Chicago.

Mr. Nicholas Moos passed away at his home near Trevor Sunday morning at the age of eighty years. On Tuesday morning he suffered a stroke from which he never rallied. Besides his widow he leaves one son, Nicholas, at home and one daughter, Mrs. Spear, Liberty Corners. The family moved from Chicago to the O. O. Nelson farm about a year ago. Services were held on Tuesday morning at ten o'clock at Holy Name Catholic church, Wilmet, with burial in Liberty cemetery.

ILLINOIS WOMAN HEADS CONFERENCE

Mrs. Arthur R. Williams, Normal, Ill., president of the Illinois Congress of Parents and Teachers, who will preside at the Midwest Conference on Homemaking to be held March 18, 19 and 21 in Chicago. The conference is sponsored by the Illinois Congress and the Household Science Institute, together with twenty other co-operating women's clubs of the Middle West, including the Chicago and Cook County Federation of Women's Organizations and state parent-teacher organizations of Iowa, Indiana, Wisconsin and Michigan.

National authorities will discuss topics on all phases of homemaking, including budgeting, quality in textiles, food and clothing. An educational exhibit is being prepared by the Household Science Institute to serve as an aid to homemakers in determining quality and true value. All sessions will be open to the public. More than 1,000 units of the public co-operative groups are sending delegates to the conference. The Illinois Congress alone comprises 1,100 units.

dame Mazelle Fish, belonging to Paris, Josephine Larwin.

Genoa City defeated Wilmet in a non-conference game. It was an overtime game, tied 25-25 with Genoa winning three points 28-25 at the finish.

Wilmet has two conference games left on the schedule for the year—Union Grove at Union Grove on Friday night, and Rochester at Rochester on Monday night.

Washington's birthday was observed with a joint program by the high school and graded school. School was dismissed for the afternoon after the program.

The final drafting of the school Annual before it is sent to the press is being completed this week. Also a last subscription drive is on for subscribers at the same time.

The Annual will appear the first week of May with Editor in Chief—Emily Flegel; Assistant Editor, Olena Schmalfeldt; Business Manager, James Yanke.

Lake Villa News

Home Talent Plays Popular at Lake Villa

The German-American club, who gave the fifth in the series of Band-box plays, gave a splendid play, "The Old Maid's Convention," to two packed houses last Wednesday evening. The players displayed very attractive costumes. This week the Allendale Dramatic Club presents "Fun in a Country Store," and next week the Bremen will conclude the series with a musical show. The series has been successful and brought out much talent. The social time which follows each entertainment has also been a very enjoyable time, and we hope that this series of plays will become an annual event.

Set Date for Father-Son Banquet

The date of the Father-Son banquet has been set for March 21. So many affairs have been taking place that it has been impossible to have it earlier, so please keep the date in mind.

Mr. and Mrs. R. J. Gallger visited their daughter, Marguerite, who is a nurse at the Dixon State hospital, last Wednesday.

The Ladies Aid Society will meet next Wednesday afternoon, March 6, with Mrs. Will Fish at her home south of town and Mrs. Henry Cole will assist. Visitors are always welcome.

Delbert Sherwood and Tony Scherero, in camp at Genvee spent Sunday with the home folks.

Mrs. J. O. Hucker spent Monday in Chicago and visited her daughter, Mrs. Alice Mitchell and her mother, Mrs. Breckneider.

Rev. DeSols enjoyed a day's vacation from his duties at Evanston last Thursday, and on Friday Mrs. DeSols accompanied him to Evanston to spend the day there with wives of other ministers who are taking work at Garrett Biblical Institute.

Mr. and Mrs. George Mitchell and Helen Ann of Chicago spent Sunday with Mrs. Mitchell's parents, Mr. and Mrs. James Korr.

The Royal Neighbor camp of Lake Villa held a public card party at the home of Mrs. Savvillo, one of its members, near Orate Lake last Friday afternoon, and seven tables of 500 and Bunco were played.

150 Attend Party Given by Firemen

The public card party given by the firemen at the Village hall last week was very well attended and 35 tables of bridge, bunco and 500 were played. Mrs. Roy Murrell of Antioch won the door prize of a basket of groceries, and John Effinger won the pillow made by Mrs. Nader and which was raffled.

Son Born in Florida

Friends of the Wald and Richards families who formerly lived here and who have been in Florida for several years, will be interested to hear of the birth of a son, Richard Cooper Powers to the former Harriet Wald, now Mrs. Powers. This is the second child of the family, the first one being a girl, Barbara, five years old.

Dr. and Mrs. Gindich made a business trip to Chicago last Friday afternoon.

The Brompton family moved this week to a cottage at Petite Lake for a short time before going to their future home in Colorado, as it seemed the better way to stay here until settled weather.

Mrs. H. H. Perry was hostess for her Bridge Club at her home last Thursday afternoon at a Bridge luncheon, and Mrs. Leo Barnstable won first prize, Mrs. J. A. Pedersen second, and Mrs. Fred Hamlin third prize.

Miss Bojan Hamlin, a student at Kemper Hall, Kenosha, spent Saturday and Sunday with her parents here.

Mr. and Mrs. James Leonard are both confined to their home by illness. Mrs. Leonard, who has been ill for some time is improving, and Mr. Leonard is down now with the flu, but doing nicely.

Mrs. Eva Snyder, of Waukegan, with her two daughters, one from Cleveland, Ohio, and one from St. Louis, were guests of Mrs. Herbert Nelson last Saturday.

Bahia, Great Cocoa Port Bahia, once the capital of Brazil, is the great cocoa port of that country. The state of the same name produces as much tobacco as does Cuba. It also produced the largest diamond ever found—3,150 carats. Also, the sand is so full of minerals that it is worth \$100 a ton.

TREVOR

Mrs. Minnie Hansen is assisting with household duties at the Cecil Fulgrum home.

Champ Parham and George Carroll are on the sick list. Robert Kennedy and daughter, Mrs. R. C. Shottliff, Wilmet, called on Trevor friends Wednesday.

Antioch, Illinois
Sunday School, 9:45 a. m.
Sunday Morning Service, 11 a. m.
Wednesday Eveg. Service, 8 p. m.
A reading room is maintained at the above address and is open Wednesday and Saturday afternoons from 2 until 4 o'clock, and Wednesday evening from 7 until 8 o'clock.

CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 23.

The Golden Text was, "Behold, the four of the Lord, that is wisdom; and to depart from evil is understanding" (Job 28:28).

Among the citations which comprised the Lesson-Sermon also included the following passages from the Christian Science textbooks: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind and that Mind is God, omnipotence, omnipresence, omniscience—that is, all power, all presence, all Science. There all is in reality the manifestation of Mind" (p. 275).

If you are looking for a Church home, we cordially invite you to come and worship and work with us.

Chinese Jews

The only known Chinese Jews have lived in Kaitung, China, since 1193 A. D. For several hundred years, they kept their colony apart from the Chinese. Today, however, after numerous generations of intermarriage, the few who are left have almost entirely lost their original racial characteristics.—Culler's Weekly.

Bleed Chimney Color

Frequently, a chimney seems to cut a house in parts. It is important in painting a small dwelling in an attractive color scheme, to make the chimney an integral part of the picture. It may be painted with either stucco or concrete paint.

Vieux Carre of New Orleans

The Vieux Carre of New Orleans is that section of the town whose limits correspond with those of the original city as laid out by La Tour and Pargier in 1720. It was destroyed by fire in 1788 and 1794, and rebuilt mainly in the Spanish style.

307,000 Indian Acres in Coffee

Coffee plantations in India cover 307,000 acres.

CARL BARTHEL

NICHOLAS MOOS DIES AT HOME NEAR TREVOR

Stroke Is Fatal to Retired Farmer; Was 80 Years Old

Nicholas Moos, 80 years old, retired farmer of Trevor community, died at his home Sunday morning, after having suffered a paralytic stroke Tuesday from which he never rallied.

The family moved from Chicago to the O. G. Nelson farm about a year ago.

Surviving him are his wife, one son, Nicholas, at home, and one daughter, Mrs. Spear of Liberty Corners.

Funeral services were held Tuesday morning at ten o'clock at Holy Name church, Wilmet, with burial in Liberty cemetery.

Boy Scout News

Registrations were sent in today and if your blank was not in the hands of the Scoutmaster be sure that he gets it at the earliest possible moment, so that you will not lose out in getting ready for the investment and advancement service during the month of March.

The meeting will be held at the home of the Scoutmaster Friday afternoon at 4:15 o'clock. Every scout is required to train a new scout before he can be advanced to the first class degree so get busy now.

FOR JUSTICE OF THE PEACE

I hereby announce to the voters of Antioch township that I am a candidate for Justice of the Peace on the Peoples Ticket at the Town election April 2, 1935.

RAYMOND E. SORENSON.
(29-33c)

Card of Thanks.

We wish to express our sincere thanks to neighbors and friends for kindness and sympathy shown during the illness and loss of our beloved husband and father.

Mrs. Ellen C. VanDuzer and Children.

No worse crime than launching immortal souls and not training them for usefulness and immortality.

FISH CODE UNCHANGED C. F. THOMPSON SAYS

Erroneous Reports, Confusion Bring Statement from Conservation Head

In an effort to rectify the widespread confusion relative to Illinois fish code laws due to an erroneous report that the code has been changed, requiring each and every hook and line to carry a separate license, C. F. Thompson, director of the Department of Conservation has notified all county clerks and town and village clerks that there have been no changes in the fish code in this state, although some changes are being contemplated and these may be brought before the present session of the legislature for approval.

Director Thompson's letter to Village Clerk R. L. Murrie was, in part, as follows:

"For your information I wish to advise that there have been no changes in the Fish Code, although some are being contemplated but will have to be submitted to the Legislature for approval before they can become effective, which will not be before July 1, 1935."

A bulletin from the state house confirms the statement of the Director of Conservation. Says the bulletin:

"The Illinois game and fish code permits a fisherman to use as many hooks and lines as he chooses on one license. There has been no change whatsoever in the hook and line rules."

Mrs. Paul Chase Attends National Defense Conference in Chicago

The Illinois Eighth National Defense and Americanism Conference for all patriotic organizations was held in Chicago at the Hotel LaSalle on February 24th. It was revealed at this conference that there are many countries who cannot live without the other nations; for instance, Great Britain, Japan and Germany. They import more than export. Japan is very dependent on China for food. There is great danger of organizing communistic groups in any country where there are hungry, jobless men. Our youth should be taught that there is a constitution in the United States that will protect his home and help provide his living.

Twenty-five per cent of the deaths in the World War were due to untrained men and poor equipment. The United States at present is 17th in size in her army in the world and third in navy. This is why the American Legion is asking for adequate National defense, R. O. T. C. training schools and C. M. T. C. camps.

There were representatives from all the units in the eighth district attending this meeting including the district officers, Mrs. Paul Chase, Director, Mrs. Frank Opeka, Americanism Chairman and Mrs. Matt Porter, National Defense Chairman.

A. & P. Celebrates Founder's Week

The Great Atlantic & Pacific Tea Company announces a special food sale during the week of February 25th to March 2nd in honor of the founders of the chain of A & P Food Stores.

In 1859, Mr. George Huntington Hartford established the first A & P Store. Since that time over 15,000 stores have been added to the organization, one by one. Now A & P Food Stores occupy the position of the largest food organization in the United States. This phenomenal growth was accomplished only through A & P's wonderful acceptance by the public at large.

To show its appreciation, this American Institution is featuring a host of high quality merchandise at exceptionally low prices this week. A special announcement of this gigantic sale appears elsewhere in the pages of this publication.

"Valley Center" Is Drama at Crystal Friday Night

"Valley Center" will be the drama to be presented by the J. D. Rolnour Players at the Crystal Theatre Friday night. The play for the following Friday night will be "A Kentucky Thorobred."

Arrangements have been made with Antioch business firms for five more Friday night performances. Mr. Rolnour announces, and merchants' free tickets will be given for the plays. Get tickets from firms listed in the Crystal advertisement.

Language of the World

The languages of the world, according to origin, history of nationality, are placed in the following great groups: (1) Indo-European languages (including Teutonic, Romance, Slavonic, Celtic, Iranian, Armenian and Indian languages); (2) Ural-Altaic languages; (3) Caucasian; (4) Malay-Polynesian; (5) the monosyllabic or isolated languages; (6) Japanese-Korean languages; (7) Hamitic-Semitic; (8) Bantu languages; (9) languages of the interior of Africa; (10) Dravidian; (11) American Indian. There is another group called "unclassified languages."

EYE BEAUTY IS EDICT FOR 1935

LOVELY EYES—Beauty authorities are emphasizing eye allure for 1935 and the personable model here shows how to achieve that fringed eyelash effect. Brush a heavy coat of maybelline mascara on the upper lashes and a light coat on the lower ones. For best results brush sideways to separate the lashes and finish with an upward brushing.

GUESTS EXAMINE THE BATHROOM CRITICALLY

THE SUCCESSFUL HOSTESS realizes that she is often judged by her household appointments and is careful to dress her bathroom attractively. The latest fashion is to use matched sets of deep toned towels in contrasting colors which give the effect of complete redecoration. Being both smart and practical, the new guest towels of colored terry are preferred by hostess and guest alike. Because of their increasing popularity Cannon now makes a guest size to match all the new bath towel styles.

THE VOGUE IS HIGHSPOTTING KNITWEAR

KNITWEAR SUITS THE MODERN MOOD AND TEMPO

A knitted suit or dress silhouettes the figure beautifully! Take the two-piece model pictured here, for instance. It is charmingly contoured! Knit of Continental Boucle. The blouse has a chic, frilled collar, enlivened with crystal clip. Very voguish!

STOCKINGS STOP THE SHOW AT MIAMI BEACH

ONE OF THE EXCITEMENTS of the Florida season is the gorgeous spectacle that goes on nightly at the Palm Island Casino. Here are two of the principals in the Revue wearing the famous *Roman Stripe Hosiery* personally selected by Earl Carroll as the loveliest stockings for the loveliest legs. A special sensation is the *Widow Dance* where the sheerest wisps of the finest black stockings set off the slender shapeliness of the whole ensemble.

Dogs Have Topknot
Many dogs of the Mexican hairless variety are created with a topknot and carry a tuft of hair at the tip of the tail . . . in others it is bristly and upright. The eyes, lashes, are yellow, hazel or dark bordered with pink or dark rims like that of an impatient race horse, the nervous tremor of the muscles and sinews is characteristic. Not classed for any particular utility, he is considered, however, a good hunter of rabbits and rats. His owners attest that his intelligence, brightness and affection more than repay that tolerance of his unprepossessing appearance.

Ticker Tape System

The first ticker was a printing telegraph which was patented by Royal Earl House, April 18, 1840. The ticker was first exhibited at the American Institute fair, New York city, in 1844. It was used extensively for about ten years when it was superseded by new models. The first ticker to operate at a fast speed was installed November, 1920, in the Bankers Club of America, on the 38th floor of the Equitable building, 120 Broadway, New York. It printed 500 characters a minute. It operates on only one transmitting wire instead of two as did the old tickers.

WOMEN'S PAGE

SOUP RECIPES WILL SOON BE IN DEMAND

Here are enough soups to see you well through the Lenten season.

Crabmeat Soup.
1 cup crabmeat
3 cups chicken stock
2/3 cup stale bread crumbs
1 slice onion
1 sprig parsley
2 tablespoons butter
2 tablespoons flour
1 cup cream
1/4 teaspoon salt
1/4 teaspoon cayenne
Divide crabmeat into small pieces. Add stock, bread crumbs, onion, parsley and simmer twenty minutes. Rub through a sieve, blend with butter and flour cooked together, then add cream and seasonings. Serve very hot. Serves six.

Blisque of Crab.
1 cup crabmeat
1 quart milk
4 tablespoons butter
4 tablespoons flour
1 teaspoon Worcestershire sauce
1 tablespoon lemon juice
1/2 cup top milk
1 egg, white and yolks beaten separately.

Make a white sauce of the flour, butter and milk. Chop crabmeat fine, add to the white sauce and let simmer gently twenty minutes. Just before removing from fire add the top milk and seasonings. Blend the well-beaten egg whites and egg yolks in soup tureen, the pour the boiling liquor over the egg. Do not place on fire after egg is added. Serve at once. Serves six.

Cream of Asparagus Soup.
1/2 cup white sauce
1 cup asparagus, chopped then pressed through sieve
2 cups strained milk
2 tablespoons butter
1 slice onion
Salt and pepper to taste.
Add scalded milk to white sauce. Add butter, seasoning, onion and asparagus. Let boil ten minutes. Serve with toasted cheese sticks. Serves four.

Cream of Tomato Sauce.
4 tablespoons butter
4 tablespoons flour
2 cups strained tomatoes
1/2 teaspoon soda
1/4 teaspoon salt
1/4 teaspoon pepper
4 cups milk
Melt the butter, blend in the flour, then stir in the strained tomatoes, stirring constantly to keep smooth. Cook five minutes. Add soda, salt and pepper. Add cold milk and bring to boiling point, but do not boil. Serve at once. Serves six.

Cream of Vegetable Soup.
4 tablespoons butter
4 tablespoons flour
4 cups milk
1/2 teaspoon salt
1/2 teaspoon pepper
1 cup vegetable pulp (celery, spinach, asparagus, corn, potatoes, peas or any desired vegetable).
Melt the butter, stir in the flour and add the milk gradually. Cook for ten minutes. Add salt, pepper and vegetable pulp and cook for two minutes. Serves six.

Vegetable Soup.
2 1/2 pounds soup bone
2 teaspoons salt
2 quarts water
3 cups dried vegetables.
Cook soupbone, salt and water together until meat on bone is tender. Strain the stock and add the finely chopped vegetables, such as carrots, celery, onions and parsley. Cook until vegetables are tender, or about 10 minutes. Serves six.

Oyster Stew.
1 pint oysters
1/2 cup butter
1 quart milk
1/2 cup cream
1 teaspoon salt
1/2 teaspoon pepper
Pick over oysters, removing any pieces of shell. Melt butter in saucepan, add oysters and cook gently until edges curl. Scald milk and cream and add to oysters. Season with salt and pepper and any other seasoning desired. Let stand several minutes to improve flavor and serve. Serves eight.

Cream of Potato Soup.
4 good sized potatoes
2 tablespoons salt
2 large slices onion
1 1/2 quarts boiling water
3 sprigs parsley
Few grains cayenne
1/4 teaspoon celery salt
1 1/2 cups thin cream, diluted with 1 1/2 cups water drained from potatoes.
Boil the potatoes and onion in the 1 1/2 quarts water, to which has been added the salt. When tender, drain and mash. Save the water drained from the potatoes. There should be 1 1/2 cups. If not, add water up to that amount. There should be three cups of mashed potatoes. Scald the diluted milk in double boiler with the hot potato water. Add slowly to the mashed potatoes, stirring to keep smooth. Add pepper and celery salt. Serve at once. Serves six.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

EGGS are somewhat cheaper due to slightly increased production. Butter, too, is a bit less expensive as the recent high prices greatly curtailed buying. Meats continue to rise in price, particularly pork and hind-quarter cuts of beef and lamb. Veal is reasonable and forequarter cuts of beef and lamb also.

Ducklings are attractively priced and fowl, roasting and frying chickens have changed little in cost. Grapefruit, navel oranges, and apples are the chief fresh fruits available and all are moderately priced. Potatoes, cabbage, kale, various greens and root vegetables are within the reach of modest budgets. Cuban grown tomatoes are in the bargain class.

Here are three menus at different price levels made up from seasonal foods:

Low Cost Dinner
Pot Roast of Beef
Potatoes
Scalloped Tomatoes
Bread and Butter
Chocolate Pudding
Tea or Coffee

Medium Cost Dinner
Roast Stuffed Shoulder of Veal
Baked Potatoes
Creamed Carrots
Bread and Butter
Cottage Pudding
Lemon Sauce
Tea or Coffee

Very Special Dinner
Cream of Celery Soup
Roast Duckling
Apple and Prune Stuffing
Mashed Sweet Potatoes
Spinach
Tomato Salad
Rolls and Butter
Lemon Snow
Custard Sauce
Coffee

Warm Houses May Prove Fatal to Cut Flowers

Cold days bring warm houses, most of them kept at 70 to 75 degrees—and the cut flowers beautifying the houses are likely to suffer thereby. Here's the way, as advised by the florists, to keep your flowers looking as fresh as the day they were delivered:

If the blooms are wilted dip the stems in warm—not hot—water for a few minutes, then transfer to cold water.

Keep flowers away from open doors and windows and from radiators. At night, particularly, when the house heat or lack of it is difficult to control, try to find a place of even, cool temperature for your bouquets.

Cut the stems of roses slantwise about half an inch from the bottom with a sharp knife or a razor blade each morning before transferring them to fresh water. Best results are obtained if the stems are field under a running tap while the cutting is done; then the air is excluded totally and water goes right up into the bud, making it hard and rigid. This same method should be used for carnations and most other cut flowers.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRVING
Director, Physical and Mental Education
New Jersey State Department of Public Instruction

School Companions

We have all experienced what we call first impressions in making new acquaintances. We like a person at once or we dislike him. Often there is no reason for such a feeling. It can't be described. We simply react that way; we know that it is so.

It is like an electrical current passing between two persons. In one instance the current finds a favorable field or conductor in each of the individuals. There is a mutual feeling of liking. In the other case one or both persons do not receive the current favorably. And there is antagonism. Instead of electricity, can you picture emotional currents that are created when two persons meet for the first time. Some day we may discover that after all a form of human electricity is involved.

Whatever the cause, we do remember having "feelings" in such a situation, or later after knowing a person better. Now the point of concern to parents and teachers is the fact that exactly the same reaction is felt by children. But they don't curb their feelings. Adults try to get along together by overlooking defects in one another. Children give in; they quarrel, snarl, and even try to win a point by physical victory.

Thus, any cooperative project at school, any committee or club undertaking, is doomed to disruption unless the teacher is discerning and clever enough to discover these natural reactions and then to group children according to the capacity to get along well together.

What is the ultimate purpose of education? Dr. Irving will discuss this most week.

Housing Hints

Tips on How and What to Improve

Allow Paint to Dry.

One of the most common mistakes of amateur home painters is that they put the next coat of paint on before the previous coat is dry. The rate of drying varies with different paints, with the ventilation of the place where the painting is being done, and with the humidity of the atmosphere. Whatever the conditions, be absolutely sure that the previous coat of paint is thoroughly dry before starting with the next coat.

Add Beauty, Protection.

One of the most effective ways of enhancing exterior beauty of a home of wooden construction is to apply now siding or shingles over the old walls. The kind of material selected should harmonize with the roofing. The double thickness of old and new surfaces gives extra protection against heat in summer and cold in winter.

Hide Unseemly Devices.

The tendency today is to cover up all mechanical devices, important to comfort, but unseemly. In the cellar, insulating board can be used to partition off wash basins and coal bins, while a guard made out of fireproof wallboard around the heating system keeps dust from filtering through the house. Radiators can be covered over with protectors and used as window seats or book shelves. In the attic the ugly framework can be covered and homey rooms created by covering over the studs with insulating board.

Color Preserves Linens.

Painting the interior of linen drawers blue not only makes them smooth, sanitary and easily cleaned, but also helps to keep the linen white and accessible. Such drawers are especially convenient for keeping every-day linen.

Indirect Illumination.

A soft even light all over a store, free from glare and pleasing to shoppers, may be obtained by concealed, indirect illumination.

Need Counterflashing.

Ventilating pipes improperly flashed cause destructive leaks and usually indicate the need of counterflashing.

Replace Old Plumbing.

The bathroom today is as important as the living room. Old plumbing fixtures, such as a tub or lavatory with chipped enamel and leaking faucets, and a closet with a high tank, make an unfavorable impression on guests or prospective tenants and purchasers.

"Daylight" Sales Aid.

Merchandise sells best when it is sufficiently lighted so that it is attractive, but not deceptive. It has been stated that food, above all other merchandise, sells better when lighting simulates daylight. Clothing, dry goods, and similar merchandise also sell better under this type of light.

Paint Window Edges.

Painting the edges of storm windows and doors, as well as the flat surfaces, besides adding to their attractiveness and beauty, protect them from deterioration by retarding the absorption of moisture which may cause them to swell and stick. Moisture-resistant paints are usually preferred for this purpose.

My Favorite Recipes

Frances Lee Barton says:

MARSHMALLOWS mean a party. And this chocolate marshmallow loaf is perfect to serve when the club meets at your house. Particularly on these winter afternoons when a nipping wind outside makes a cheery room and delicious food seem all the more grateful. This cake is easy, too!

Chocolate Marshmallow Loaf.

3 cups sifted cake flour; 1 teaspoon double-acting baking powder; 1/4 teaspoon salt; 1/2 cup butter or other shortening; 1 cup sugar; 1 egg, well beaten; 2 squares unsweetened chocolate, melted; 1/4 cup milk; 1 teaspoon vanilla marshmallows.
Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add egg and beat well, then add chocolate and blend. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in greased pan, 8x12 inches, in moderate oven (325° F.) 1 hour. Turn from pan, and while still warm, cover bottom with marshmallows that have been rinsed with cold water and cut in halves crosswise. When cake is almost cold, cover with chocolate coating.

Office of Sheriff

The office of sheriff dates back to old English times when the "shire reeve" was the king's reeve or steward and over a shire or county.

Box of Colored Items Dispels Bath Gloom

Color solves the problem of brightening rented bathrooms. A strong, stimulating green is by far the most refreshing ally in this war on gloom. One ingenious soul, who takes a different place in the country every year, has devised a "green box" containing complete equipment for adorning the cheerless bathroom of stark (musty) white walls, bare floor, and skimpy curtains.

The box contains two good sized rugs of soft bathroom chenille, numerous big, fluffy white bath towels with bright green borders, and all-green wash cloths and handkerchiefs with highlights of color. Green organdy curtains for the windows have deep hems at the tops which can be adjusted to fit the changing windows.

Soap dishes of green, and a bottle set of opaque glass to match, are also part of the "green box" equipment, as the existence of such things usually seems to be beyond the landlord's comprehension. Cleanseless (issues of green, and a big bottle of green bath salts complete a really charming picture.

The flood of bright freshness pouring from this "green box" will take the curse off the most forbidding bathroom in a manner absolutely startling. If you are a transient like the inventor, you will do well to do as she does. Tote out your magic green box the minute you move to the country and keep it in readiness in your storeroom while in town.

Install Bath Shower

There's nothing that will start you singing in the shower as quickly as a cheerful, luxurious bathroom. Without going to the expense of building a new one you can now remodel the old room with composition wallscoting. This material comes in ivory, tile and color panels, and is applied over the old walls, either as a wallscoting or all the way up to the ceiling. Many homeowners have partitioned off a corner of the bathroom and finished the walls with composition wallscoting, the result being a serviceable and attractive shower.

TEETH and HEALTH

By Dr. J. M. WISAN
Chairman, Council on Mouth Hygiene
New Jersey State Dental Society

ARE TEETH IMPROVING?

DURING the last decade it does seem to the writer that dental conditions are improving. Why? More parents are taking their children to the dentist during the pre-school period so that preventive dental operations can be performed.

2. Dentists on the whole are more interested in preventive dentistry than was the case in the past.

3. Advances have been made in nutritional study and experimentation, which have shown that teeth may be preserved and improved through the adequate use of common, inexpensive and palatable foods, such as milk, fruits, vegetables, citrus fruit, tomato juice and cod liver oil.

4. The work of pediatricians—specialists in children's health—has resulted in more scientific feeding of infants and children.

5. More parents are taking their children to the dentist regularly and frequently.

6. Schools are emphasizing the importance of dental health habits and attitudes necessary to maintain mouth health.

So, while dental scientists have not yet solved the problem of the cause, or causes, of dental decay, nevertheless their studies have turned up information that has been put to good use. We may confidently expect that they will also solve the problem of decay in the near future.

Faulty use of the toothbrush may damage teeth more than help. Dr. Wisan will tell in his next article how toothbrushes should be used.

Meaning of "Junk"

The word junk as often applied to congress was originally applied to a banquet, or a picnic or excursion with feasting but it has come to mean a trip at public expense by government officials to some distant port, territory or public works for the purpose, they claim, of investigating conditions or for inspection. Congressmen, especially, have been noted in the past for their junkets to distant regions flying the American flag—Pathfinder Marauders.

The Greek Alphabet

The letters of the Greek alphabet, with the corresponding English letter, may be seen in any unabridged dictionary. They are: Alpha (a), beta (b), gamma (g), delta (d), epsilon (e), zeta (z), eta (e), theta (th), iota (i), kappa (k), lambda (l), mu (m), nu (n), xi (x), omicron (o), pi (p), rho (r), sigma (s), tau (t), upsilon (u), phi (ph), chi (ch), psi (s), omega (w).

Heredit

Except for a few cases of sex-linked heredity, such as color blindness, hemophilia, night blindness and Gower's disease, in which some inherit directly from the mother, there are no evidences that heredity differs between the sexes.

THE LAWYER EXPLAINS

By Attorney Bernard J. Juron

DEEDS

The term "deeds" in a legal sense refers to papers (referred to as instruments) between parties, conveying or releasing rights in real estate. There are various forms of deeds, and we shall refer here to the most popular forms: Statutory Warranty Deed, Quit-claim Deed, Release Deed, Trust Deed, Master's Deed.

Before the law was clear and settled on these questions, almost every deed executed was in a different form, depending upon the knowledge of the person preparing it. To overcome much confusion, the laws of Illinois were framed to overcome much uncertainty by providing a definite form of deed.

Prior to the time of our written or statutory law, deeds were made, executed and delivered under the unwritten or common law, and each deed had to contain various and numerous recitals to actually transfer or convey a piece of land. Under the law of today, this has been considerably simplified, and a Statutory Warranty Deed now replaces many promises, covenants and words by two words, "convey" and "warrant" which, under the law, imply that the maker of the deed warrants and implies a good and sufficient title in him. Where two persons receive title to real estate by a legal Statutory Warranty Deed, each of them owns one-half (1/2) of the real estate involved. After death of either, such deceased person's half goes to him or her heirs. However, if the form of warranty deed be known as a joint tenancy form, then, upon the death of one, the title automatically vests in the surviving co-owner, without any further act or operation.

Quit-claim deeds are employed where a person makes a conveyance of whatever interest he may have in real estate without WARRANTY, but merely conveys what he has, be it good or bad.

Trust Deeds are used generally to perform the function of a mortgage. The old-fashioned mortgage was between the immediate parties to the loan, and, anyone, by looking at the face of a mortgage, could tell who was supplying the money. Under principle of the Trust Deed, it is impossible to determine who the person is that is supplying the money, because the owner signs a Trust Deed to a third party instead of the lender, and the third person is designated as a Trustee, who merely holds the legal title pending the repayment of the mortgage. After the mortgage is paid, the Trustee signs a release deed to cancel the mortgage, and delivers the same to the owner of the property who records his release with the recorder of Deeds, and thus removes

the mortgage or lien from his title. In spite of the apparent simplicity of deeds, it still remains a very technical subject, and no person should attempt to draw his own deed, without the assistance of a competent lawyer, for errors which may inadvertently be made may prove to be very costly, requiring a lawsuit to correct the same.

In the next issue, we shall take up the question of Statutes.

Types of Clouds

The principal types of clouds include Cirrus—detached cloud of delicate appearance, generally white. Cirro-stratus—thin sheet of whitish cloud. Cirro-cumulus—mackerel sky. Alto-cumulus—larger rounded masses, white or grayish. Alto-stratus—dense sheet of gray or bluish cloud. Strato-cumulus—large lumpy masses or rolls of dull gray cloud. Nimbus—dense layer of dark cloud with ragged edges from which steady rain or snow usually falls. Cumulus—"woolpack" or "cauliflower" cloud. Cumulo-nimbus—thunder cloud or shower cloud—great masses of dark cloud rising in form of mountains or towers.

Meaning of "California"

If the name of the Golden State were reduced to its Spanish interpretation, it is very probable that the aggressive advertising of its climate would be largely nullified, for literally "California" is a combination of two Spanish words meaning "hot furnace." Writes G. R. Turner in the Kansas City Times. The Spaniards, who were the first white men to explore the state, gave to it this name because their interest was not in the cool verdant lands of the seacoast, but in the hot arid sections of the interior where it was believed gold was to be found.

Shamrock, Ancient Plant

The shamrock, being a form of clover, is one of the most ancient plants in Ireland and was the "seam-rag" in Gaelic. It is one among many trifoliate. The kind best known has white blossoms, but it is cherished most for its leaves, which figure in holy tradition.

FRED GRABBE, Auctioneer

CONG. CHURCH TO SELECT MAN FOR ANNAPOLIS

Antioch Named Among the Towns as Place of Ex- amination

To fill a vacancy caused by the resignation of a Midshipman, Cong. Ralph E. Church has been called upon to nominate a principal and three alternates for admission to the Naval Academy who will be examined by the Navy Department on April 17, 1935.

For any of his constituents seeking appointment Congressman Church has announced a special Civil Service examination to be held on Saturday, March 16. He has arranged with the Civil Service commission for the examination to be held in every city in the 10th Congressional District where the Board of United States Civil Service Examiners maintains a local secretary or manager, as follows: Antioch, Barrington, Chicago, Evanston, Glenview, Graylake, Ill. Wood, Lake Forest, Libertyville, North Chicago, Waukegan, Wilmette, Winnetka and Zion.

Those wishing to compete in this examination for appointment should write Congressman Ralph E. Church, House of Representatives, Washington, D. C., by Monday, March 11th, designating his choice of any one of the above listed places of examination.

Navy Department regulations provide that the candidates be no less than 16 years of age and no more than 20 years of age on April 1, 1935.

Airplane With Machine Gun

Prior to the outbreak of the World War no airplane on the western front was actually armed with a machine gun. Rifles, carbines, pistols, shotguns and hand-grenades were carried by pilots and observers. The Fokker monoplane (Autumn, 1915) was the first effective "fighter" airplane. It was fitted with a fixed machine-gun firing straight ahead, and a synchronizing gear by which the actions of the engine and the machine gun were so co-ordinated that the gun only fired when the propeller blade was not opposite the muzzle of the gun.

The Six Toughest

The six toughest plants in the United States are the cottonwood, rabbit bush, aromatic sumach, a shrubby penny-royal, a yucca and the peculiar gymnosperm, Ephedra. They are so hardy that they are able to maintain themselves in the White Sands of New Mexico, a deposit that is 98 per cent pure gypsum, located in an area virtually without rainfall.

We better give up the things we can't keep for the things we can't lose.

While many of the best race horses are gathered at the Santa Anita, Cal. track, these boys picked out a dark horse for their favorite, Frank Ormont, distance ace, owned by the Kentucky cigarette manufacturer, Col. Wood F. Axton. (Photo Acme)

DISCIPLE OF GANDHI TO DEBATE BEFORE LAKE CO. TEACHERS

Famous Indian on Institute Program at Highland Park, March 9

V. Mathuramuthu Samuel, a disciple of Mahatma Gandhi, from Madras, India, will appear in debate with a Londoner, Leonard Greatwood, before the Lake county teachers' institute to be held Saturday, March 9, at the Deerfield-Shields Township High School at Highland Park, County Superintendent W. C. Petty announced this week.

The debate on the subject, Resolved That India Should Be a Part of the British Empire, between the Indian nationalist and the Englishman will be a feature of the day's program. Samuel is a graduate of three universities, and he has addressed more than 300 American audiences. His English opponent has been a lifelong student of international relations and philosophy and was formerly head of the debating team of the University of Chicago.

Special music featuring the Highland Park high school band is being prepared for the one day program.

Fair-mindedness

The expression, "an open mind" refers to the state of mind when one can view a thing dispassionately and, even if he has convictions on one side of the question, can still feel that the other side may be right and he may be wrong. It might be referred to as

WILMOT WOMAN DIES IN KENOSHA HOSPITAL

Mrs. John J. Moran, 77, Was Resident of Community for 50 Years

Funeral services for Mrs. John J. Moran, well known resident of Wilmette, who died Monday in St. Catherine's hospital in Kenosha, were held at 9:30 o'clock today from Holy Name church in Wilmette, conducted by Rev. John Flann, and interment was in Holy Name cemetery.

Ill health which followed an accident in which she sustained a fractured leg resulted in her death.

She was born August 27, 1858, at Mauston, town of Summit, Juneau county, Wis., and her maiden name was Miss Henrietta Comer. She united in marriage with John Moran, of Kenosha, in 1883, and had been a resident of Kenosha county for fifty years.

Besides her husband, John J. Moran, she is survived by two sons, John T. of Janesville, and Ambrose P., of Kenosha. Several nieces and nephews also survive. She was preceded in death by two daughters, Laura M., in 1914, and Alice J., in 1916.

Edison Disliked Occultism

Upon Thomas Edison's second trip to Europe the French Telephone company offered him a decoration which required that he wear a long eash. But the Ohioan flatly refused with the assertion that he couldn't "stand for that." Persuaded by his wife, he did however consent to wear the little red button of the League of Honor. But whenever he saw any American approaching he would slip the button into his pocket for fear, as he said, "they might think I am trying to show off."

Size of Yellowstone Park

Yellowstone national park is chiefly in the northwest part of Wyoming with narrow adjacent strips in Montana and Idaho. It covers a surface as the park proper about 62 miles in length, from north to south and about 54 miles in width, with an actual area of 3,350 square miles. To this region, as originally circumscribed, a forest preserve of some 2,000 square miles has been added on the east and south, giving a full area to the park of somewhat over 5,350 square miles.

Doom of the Mississippi

Steamboating on the Mississippi received its first setback in the general disruption of ordinary business caused by the Civil war. And it was just beginning to recover when more sinister opposition appeared in railroad competition and as the steamboats supplanted the old hand-propelled broadhorns and keel-boats of an earlier time, so the speedier railroads gradually took away all through river traffic and the great Mississippi pack-trains were a thing of the past.

ANTIOCH PING PONG TEAM SHOWS CLASS

Locals Win Three and Lose One; Expect Lake Forest Tonight

Three victories over strong teams and only one defeat during the season has placed the Antioch ping pong team as among the best small town teams in this locality. The Antioch six-man aggregation has won over Waukegan once and trounced the classy Libertyville outfit twice, losing only to Kenosha, 3-6, in a recent game, and this defeat they are planning to even up by handling the Wisconsin players the short end of the scoring when they come to Antioch on March 7.

Members of the local squad are Ray Sorenson, Jack Panowski, Ed Sorenson, Wilfred Jenerich, Joe Panowski, Bill Volk and Kenneth Mills. A regulation game consists of 15 matches, two singles for each member of the team and three doubles. Games in Antioch are played at the old grade school building.

Members of the Antioch team today awaited word from the Lake Forest team regarding a game here tonight. If the team reports for play the fun will begin at 8:30 o'clock.

Largest Lakes, Rivers

The ten largest lakes are Superior, 18,200 square miles; Huron, 23,010 square miles; Michigan, 22,000 square miles; Erie, 9,940 square miles; Ontario, 7,540 square miles; Great Salt Lake, 1,800 square miles; Lake of the Woods (Alinn. and Canada), 1,500 square miles; Tulare (artificial) 800 square miles; Okeechobee, 730 square miles; Ponchartraine, 625 square miles; Rivers: Mississippi-Missouri, 4,221 miles; Colorado, 2,000 miles; Rio Grande, 1,650 miles; Columbia, 1,276 miles; Arkansas, 1,460 miles; Ohio, 1,283 miles; Platte, 1,010 miles; Red, 1,275 miles; (last four tributaries to the Mississippi-Missouri system); Brazos, 950 miles; Tennessee, 850 miles.

Operated by Mouse Power

In the nineteenth century, a man in Scotland perfected a machine that was operated by mouse power. Running in revolving cages, the mice manufactured sewing thread, twisting and reeling 20 feet a day, writes W. T. Hogue, Denton, Texas, in Collier's Weekly. The inventor was building a mill to use 10,000 mice when he died. Apparently he never realized the work involved in putting them in and taking them out of 10,000 cages each day.

Egypt's Mickey Mouse

Among Egyptian records over 3,000 years old have been found drawings on a scrap of papyrus of a cat acting as a goosehead, with a hooked stick, and with geese waddling along under the cat's control—the equivalent of the Mickey Mouse of today.

Sequoits Play Last Home Game

Displaying an offensive too powerful for the locals to check, the Palatine Pirates romped through, around, and over a demoralized Antioch team to the tune of 54-17. Reuso, Pirate forward, played one of the most spectacular games seen on the local floor this year, scoring nine baskets, making many of the shots from extremely difficult angles. Bishop scored three goals from the field for the Sequoits. It was the last home game for five senior members of the first team: Bishop, Steffenberg, Simpson, Crandall, and Hawkins, who was not present because of injuries.

Great as was the dismay caused by this crushing defeat, the local fans did have something to crow about in the unexpected victory of the second team, 20-18. Great credit should be given the lightweights for their victory, for they passed, guarded and

shot like masters. Jacobs, the diminutive forward, well deserves any part in the back he may get, for his five baskets were instrumental in the victory. While Williamson, Hansen, and King played superbly, helping their team to a victory in which it reached the peak of improvement this year.

The Sequoits go to Wauconda Friday night to pull down the curtain on the Conference season. Tuesday, March 6, they will engage Deerfield-Shields in the first game of the District Tournament.

Prepare for Concert

The Music Department is very busy preparing for the concert to be held on March eighth at the high school. A dance for which the school orchestra will play, will follow the concert. Admission prices will be twenty-five cents for the concert and twenty-five cents for the dance.

This Week in Washington

by RALPH E. CHURCH

Washington, D. C., Feb. 23—The little court room in the Capitol, approximately midway between the floor of the House and of the Senate, was filled with notable spectators when Chief Justice Charles Evans Hughes read the 5 to 4 decision of the Supreme Court declaring the "gold-contract clause" Act constitutional. The wives of the Justices were seated first, and without hope of gaining admittance crowds stood in the hall outside the court room. As the decision was read Treasury employees relayed it to the Department.

This was the outstanding event of the week. It has alarmed the conservatives and encouraged the more liberal. Immediately the proponents of silver legislation and those advocating the issuance of "greenbacks" took heart, with a resulting drive in the House and Senate for the enactment of such legislation.

The decision, however, leaves the question being debated as to whether an individual can sue and recover in the Court of Claims if the dollars offered him in payment of a bond have less purchasing power than the dollars he gave the Government when he purchased the bond. The Court has decreed that the Government does not have to pay him gold, as contracted in the bond, but would the Government have to pay him the difference between what the dollar would buy when he made the loan (by purchasing the bond) and what the dollar would buy when he redeems the bond? In other words, by way of explanation, if a "gold-bond" was purchased in 1928 and the price of the dollar (or purchasing power) of the dollar in that year was 100, can the holder of the bond sue the Government for the difference if the dollar should decrease in value, the price then having become 120?

As long as this situation exists there is something by way of a moral check on inflation, for a large devaluation of the dollar, decreasing the purchasing power, creates the possibility that holders of bonds can sue in the Court of Claims and recover

the loss which would be sustained. However, there is considerable talk in the halls of Congress of enacting legislation to deny any such suit being brought by bondholders.

Moreover, assuming that an individual can sue for the difference between the purchasing power of the dollar he loaned the Government and the dollar he received in payment, what would be the measure of purchasing power? How is it to be computed? This also the Supreme Court did not undertake to say.

The Committee on Interstate and Foreign Commerce has begun hearings on the public utility holding company measure, designed to put such companies out of business at the end of five years. The bill was introduced by Congressman Samuel B. Haysborn, Democrat, of Texas, and an identical measure was introduced in the Senate by Senator Burton K. Wheeler, Democrat, of Montana.

On Tuesday, the 19th, Dr. W. M. W. Spaw, member of the Interstate Commerce Commission, who has made an extensive investigation of the public utilities, testified before the House Committee. He made certain recommendations and seemed to take the position that while legislation may be necessary it should be regulative and not destructive.

A Constituent recently made inquiry as to the volume of mail from my office. An exact count for the past week shows an average of 85 letters written daily, with Tuesday as the lowest day at 66 letters.

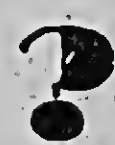

The Administration experienced a major defeat when the Senate voted to amend the \$1,830,000,000 appropriation bill to the effect that the prevailing wage must be paid rather than the \$50 monthly "security wage" desired by the President. On Friday the heated fight on this bill culminated in its being sent back to the Committee for reason of a threat of a Presidential veto. It is now anticipated that it will be divided into two parts.
